

KING'S HOUSE SCHOOL

RICHMOND

COVID-19 Risk Assessment Statement

As we continue to navigate through the pandemic and welcome back our staff and pupils, we would like to share the result of the School Risk Assessment.

The safety and welfare of our staff and pupils are of the utmost importance and we have put plans in place to safeguard against any risks, as far as reasonably practicable. We have been following the government's guidance in this respect, all of which can be found here:

<https://www.gov.uk/government/collections/coronavirus-covid-19-guidance-for-schools-and-other-educational-settings>

The School Risk Assessment recognises the following known hazards and we have put in place control measures to reduce the risk:

- Effective infection protection and control
- Travel to school, arrival and departure
- The School's ability to staff on-site and remote school
- Curriculum and operational procedures by department.

The level of risk will be reassessed frequently and any change to the risk level will be clearly communicated to those who may be affected or responsible for managing the risk.
