RICHMOND

KING'S HOUSE SCHOOL TRUST (RICHMOND) LIMITED MEANS-TESTED BURSARY POLICY

Member of staff responsible: Bursar/PB Awards Panel

Date of policy review: June 2022

Date of next review: June 2024

Approved by SMT: June 2022

GENERAL

The Governors of King's House School are committed to broadening access to the School by offering to eligible parents/guardians means-tested financial support with the payment of School's fees. Such support is known as a Bursary and Bursaries may be awarded in the form of a discount of up to 100 per cent on tuition fees payable, depending on the financial, compassionate or other pertinent circumstances of applicants. The School employs the services of Bursary Administration Limited (BAL) to prepare the information which is used to assist in the decision making process.

Bursary awards are subject to repeat testing of parents'/guardians' means each year and may be varied upwards or downwards depending on individual parents'/guardians' circumstances (e.g. their savings, investments and realisable assets, as well as their income, the size of their family, any other persons dependent upon them and like factors), compassionate or other pertinent considerations.

Requests for financial support usually fall into two categories:

- New applicants to the School where a place has been offered but parents/guardians are unable to fund the tuition fees.
- Existing pupils where a change in parents'/guardians' circumstances has resulted in difficulty in meeting tuition fees and may result in the child being withdrawn part way through a stage of education.

NEW APPLICANTS TO THE SCHOOL

Information provided by the School alerting the parents/guardians of potential pupils to the possibility of gaining means-tested financial support with the payment of School's fees is included on the School website.

The Application Process

Bursaries may be made available to parents/guardians of children entering any year group from Year 3 up to Year 6 of King's House School. Bursary applications are encouraged from pupils who may be seeking continuation of assistance from a Senior School at 11+ or return to the State Sector at that point. In exceptional circumstances, Bursary applications will be considered for Year 7 and 8, if that pupil has already secured assisted entry to an independent Senior School at 13+.

Bursaries are awarded at the discretion of the Governors. The Head and Bursar are responsible for the management and coordination of the following process:

1. Parents/guardians seeking a Bursary are required to complete a BAL application form which seeks to establish the financial circumstances of the household. The form, which requests

details of income and capital, may be found at Annex A and must be accompanied by full documentary evidence. The completed forms, together with the necessary documentary evidence, are to be submitted directly to BAL no later than the **31st January** in any year, for Bursaries to start the following September.

2. All applications and supporting documents will be submitted to BAL so that they can be prepared in the format required by the School, in order to establish the likely level of support which will be required in order to allow the child to attend the School. A representative from BAL will arrange a visit to the parents'/guardians' home to ensure the information has been correctly interpreted and the basis of the financial assessment has been fair.
3. The Bursar prepares a recommendation which is considered with the Head and a joint recommendation is then reached.
4. The joint recommendation is presented to the Awards Panel for consideration.
5. If the child is already in formal education, he may be invited to attend the School for assessment as part of the usual recruitment process and a reference may be sought from the child's current school.
6. At the end of March, the parents/guardians are advised whether their child is to be offered a place at the School and of the Bursary offer. Where a Bursary Award is being offered, this will take the form of a face-to-face or telephone meeting with the Bursar, where the terms and conditions of the offer will be explained.
7. Parents/guardians are then required to sign a letter accepting the place at the School and an acknowledgement agreeing to any conditions relating to the Bursary.

THE CASE FOR ASSISTANCE

The Head and Bursar will consider a number of factors when making the judgement as to the justification for support and the extent of such support. In the main, the child's suitability for the School is the first consideration in granting support.

Suitability

In assessing a child's suitability, attention will be given to the assessment result of each applicant (where appropriate), but potential will also be considered as well as actual achievement. Bursary

funds are limited and those judged most suitable will be given priority as those likely to gain most from the educational provision.

Each pupil to whom support is offered must, in the opinion of the Head, be likely to make sound academic progress following admission and possess the potential to develop the quality of his or her work and benefit from participation in the wider, extra-curricular activities on offer at the school. In normal circumstances, each applicant should meet the School's normal academic requirements. Previous school reports (where relevant) will be consulted for evidence of good behaviour.

Financial limitations

The amount of the Bursary award is not influenced by the level of the academic ability of the child, but by the extent of need. Each case is assessed on its own merits and awards are made accordingly, subject to the School's ability to fund these within the context of what is viable within the overall budget.

It is recognised that judgements about what sacrifices a family should make to pay school fees will be personal. However, the School has a duty to ensure that all Bursary grants are well focused and so, as well as current earnings, other factors which will be considered in determining the necessary level of grant will include:

- The ability to improve the financial position or earning power of the family, for example, where there are two partners, both would be expected to be employed unless one is prevented from doing so through incapacity, the need to care for children under school age or other dependents or the requirements of their partner's work.
- Opportunities to release any capital - significant capital savings and investments would be expected to be used for the payment of school fees, as would equity values in houses.
- In cases of separation, the contribution made by the absent parent.
- Contribution to household costs by other, wider family members, any adults unrelated to the child or by outside sources.
- Where fees are being paid to other schools (or universities), the School's grant will take into account all these outgoings.
- Acknowledging that others might have a different view, the School considers that the following would not be consistent with the receipt of a Bursary:
 - Frequent or expensive holidays.
 - New or luxury cars.
 - Investment in significant home improvements.

- A second property / land holdings.

Other factors

It is recognised that, in addition to financial constraints, there may be other circumstances which should be considered. These include:

- Where a child has siblings at the School.
- Where the social needs of the child are relevant (e.g. may be suffering from bullying at their present school).
- Where a parent/guardian is terminally ill or is unable to secure permanent employment due to poor health.
- Where a separation has resulted in the child having to be withdrawn from the School, adding to the stress of coping with the parents/guardians separating.

EXISTING PUPILS - CHANGE IN FAMILY CIRCUMSTANCES

Within overall budget funding, the School will, in normal circumstances, set aside each year a hardship fund, for cases of sudden, unforeseen need or where applications meriting Bursary assistance are received out of the normal calendar cycle for Bursary submission, scrutiny and award. This sum will be set within budgetary constraints.

Parents/guardians with a child at the School, whose financial circumstances suddenly change, may apply for a Bursary to the Bursar, explaining their situation. Such awards are subject to the availability of funding and cannot be guaranteed.

ANNUAL REVIEW

All Bursary awards are subject to repeat testing of parental means each year and may be varied upwards or downwards depending on parental circumstances. Current Bursary holders will be issued with repeat means-testing forms at the beginning of April each year, for return by the end of the month. For those previously in receipt of Bursaries, the Head and Bursar, in making their joint recommendation to the Awards Panel, have the discretion to recommend the reduction or withdrawal of an award not only where a pupil's progress, attitude or behaviour has been unsatisfactory, but also where the parents/guardians have failed to support the School, for example, by the late payment of any contribution they are making to the fees.

CONFIDENTIALITY

Bursary awards made by the School are conditional upon the recipient(s) acknowledging that the award is and will remain confidential as between themselves and the School. The School will require recipients to undertake not to disclose either the fact of the award or any of the terms which have been agreed between themselves and the School, without first obtaining the prior consent in writing of the Bursar.

OTHER SOURCES OF BURSARY ASSISTANCE

In addition to the School's Bursary fund, there are a number of educational and charitable trusts which provide assistance with tuition fees. In the majority of cases, these are to assist children who are already attending a fee-paying school and due to a change of circumstances may be unable to remain. King's House School encourages parents/guardians to apply for support where it is felt a good case can be made for assistance.

BURSARY ADMINISTRATION LIMITED

PRIVACY POLICY AND NOTICE

Introduction

Bursary Administration Limited (BAL) has been registered with the Information Commissioner's Office (ICO) since 13th February 2009 and is currently registered as a Data Controller under the reference Z1647679 and acts both as a Data Controller and Processor on behalf of client schools as required. BAL will make every endeavour to abide by the principles and terms of the Data Protection Act 2018. BAL undertakes to take all possible care to protect Bursary applicants' (ie the families') and client schools' sensitive data.

The purpose of this policy is to outline how BAL practices with respect to data collected from families who use BAL's website and provide personal (including sensitive) and financial data with regard to their applications to BAL's client schools for Bursarial support.

Grounds for data collection

BAL collects data in order to be able to contact applicants and then process the data, which is provided to us as part of a Bursary application, in such a way as to provide a report to BAL's client, the school to which the application is being made, in order to help the Governors of that school make a decision regarding the Bursary application.

Using BAL's website

The only way BAL's website will collect data on a contact is if the contact chooses to send BAL a message through the 'Contact Us' page, which requests name and email address details. The Wordpress database, which the website uses, stores first and last name, the email address, and the message sent to BAL. The website also stores details of the web browser used, the pages which the sender viewed, and the IP address from which the message was sent. The website does not run cookies for any user who is not able to sign-in to the website, which is no-one outside of BAL staff. The website will pass on the first and last name of the sender, the sender's email address and message onto BAL's email system, Office 365. When a contact uses BAL's website, he or she consents to this collection, storage, and transmission of data. The website and BAL's email system, Office 365, is stored securely on servers which are situated within the United Kingdom.

User Rights with regard to the website

You may request to:

1. receive confirmation as to whether or not personal data concerning you is being processed
2. receive a copy of personal data you directly volunteer to BAL in a structured, commonly-used and machine-readable format
3. request rectification of your personal data that is in BAL's control
4. request erasure of your personal data
5. object to the processing of personal data by BAL
6. request to restrict processing of your personal data by BAL
7. lodge a complaint with the ICO

However, please note that these rights are not absolute, and may be subject to BAL's legitimate interests and regulatory requirements.

If you wish to exercise any of the above rights please contact Liz Moseley on liz@schoolbursaryguide.com

Retention

BAL will retain data collected from the website for as long as necessary to provide BAL's services, and as necessary to comply with BAL's legal obligations, resolve disputes, and enforce BAL's policies. Retention periods will be determined taking into account the type of data that is collected and the purpose for which it is collected, bearing in mind the requirements applicable to the situation and the need to destroy outdated, unused data at the earliest reasonable time.

Making an application

When you make an application BAL will collect personal (including sensitive) and financial data:

- Name and date of birth of child(ren) of the application, and home address
- Full contact data of parents/carers making the application
- Employment details of parents/carers making the application
- Names and dates of birth of other dependent children, and schools attended for all children of the family, including Bursarial/grant/other fee support and/or scholarship details as appropriate
- Names of other dependents, for example grandparents
- Financial data for the parents/carers making the application, whether that be separately or jointly (separate parents/carers usually use different application forms). This will include data regarding income and expenditure, assets and liabilities.
- Contact and financial data for adults who hold or are considered by the client school concerned to hold a financial interest in the application, for example a second partner, or a grandparent who will support fees. It may be that full financial data for that person(s) will not be deemed necessary.
- Sensitive data, for example medical, social service involvement, but only as necessary to support an application. It is important to note that this may, out of necessity, be data regarding a third party as that situation may have a bearing upon the application.

Please note that BAL may use any publicly-available information (data) in order to provide as full a report to the client school as possible, but will not make a credit check upon any adult mentioned in the application, nor undertake any searches which would affect any adult's credit status.

How BAL receives this data

An Application Form will be completed and sent either to the client school or directly to BAL as detailed at the bottom of the form. Supporting paperwork as required must be included.

If the Application Form and the supporting paperwork has been sent to the client school this will be scanned and forwarded to BAL using a document exchange system so that BAL may commence its work.

If you have sent the Application Form and supporting documents straight to BAL by post any original documents will be scanned and returned to you by 'Signed-for' post. Please ensure that you arrange to collect the envelope if a card is left in your letter-box. If any envelopes are returned to BAL as 'uncalled-for' these will be held securely until the papers' whereabouts are queried. BAL will receive applications by email, including scanned supporting documents.

Assessing your application

BAL will contact you to make arrangements for a home visit or telephone/online interview if this has been required by the client school, or to make enquiries which will ensure that any paper financial review is as correct as it can possibly be. As there are time constraints for assessing applications BAL will offer two home visit/telephone appointments before referring the application back to the client school for further directions.

BAL will send its report on your application to the client school through a document exchange system and will then withdraw from the process unless the client school has any further enquiries it wishes BAL to make.

Data retention and security

All paper documents which BAL uses for the purpose of making its report to its client schools are stored in plastic wallets under lock and key. BAL undergoes the process of removing all papers held from storage once each month: these papers, which will include home visitors'/assessors' handwritten notes, are scanned and then shredded securely using an authorised service.

Scans are stored securely on memory drives which are not linked to the internet in any way, and are themselves stored securely under lock and key.

Any electronic data, whether it be held on BAL's SharePoint system, a BAL computer (necessary whilst a report is in process), or a memory drive, is stored within the United Kingdom. Electronic data will be deleted after the expiration of four years, unless its retention is necessary to comply with BAL's legal obligations, resolve disputes, or enforce BAL's policies.

It will be appreciated that BAL home visitors/assessors will need to transport papers/their laptop computers as they go about their daily work. These papers/computers are left out of sight in locked facilities if not in use, and the computers are passworded and encrypted. BAL uses multi-factor authentication to protect its computers (this means that if any person other than the recorded user of a BAL laptop tries to access it the recorded user will be contacted by electronic means, an app, and will be able to deny access to the laptop).

Applicant Rights

You may request to:

1. receive confirmation as to whether or not personal data concerning you is being processed
2. receive a copy of personal data you directly volunteer to BAL in a structured, commonly-used and machine-readable format
3. request rectification of your personal data that is in BAL's control
4. request erasure of your personal data
5. object to the processing of personal data by BAL
6. request to restrict processing of your personal data by BAL
7. lodge a complaint with the ICO

However, please note that these rights are not absolute, and may be subject to BAL's legitimate interests and regulatory requirements.

If you wish to exercise any of the above rights please contact Liz Moseley on liz@schoolbursaryguide.com

Important points to note

- BAL will only use applicants' data of any type for the purpose of assessing the application and making a report to the client school
- BAL will never release applicants' data, of any kind, to any person or body outside of the client school to which the applicant is applying. There is one exception to this, if the applicant has applied to more than one of BAL's client schools, in which case the report will be shared, but only with

all parties' approval. In making this application and signing this form you are taken to have consented to sharing the report.

- If assessing separated parents/carers, BAL staff will never reveal any type of data of one parent/carer to the other
- BAL will never market its services to any applicant
- BAL will not knowingly collect data of any type from a minor without the prior and express consent of a parent or carer
- All BAL staff are required to sign confidentiality clauses when they commence working for the company, and are trained in matters of Data Protection and Security
- Any data breach of any type will be reported to the client school immediately, and contact made with the applicants as agreed with the school concerned. The breach will then be reported to the ICO in accordance with regulations.
- It should be noted that the report produced by BAL is the property of the client school and the ICO regards your report as confidential and exempt from the provision of Subject Access Requests.
